Alum Baking Powder will not make healthful food

### ANOTHER QUEER FISH ADDED TO BISHOP MUSEUM

From a Japanese fisherman a few days ago, John W. Thompson, artist and modeler of the Bishop Museum, secured a prize that he regards as cheap at the price of three dollars paid for it.

It is a fish of species yet to be determined, which was caught in the deep sea off this island. The specimen is 2 feet 8 1/2 inches long, narrow in breadth but more than a foot in depth inclusive of fins. Its build denotes a fast swimmer.

Most peculiar about the fish is a series of slightly curved spines, appearing on both sides of the dorsal fins above and of the ventral ridge below. The mouth is also curious, being roundish and capacious, and while the teeth are inconsequential, there is a set of pharyngeal muscles within the jaw which gives the creature in life great power of drawing in its prey of smaller fish. A fish eight or 10 inches long was found whole in the stomach of the specimen.

Still another anatomical oddity is a breastbone not unlike that of a bird, formed by the joining of two bones in a point. This is situated back of the gills and throat, so that the head has a freedom of motion remotely like that of a turtle. When the mouth is opened in swallowing, the ribs recede and rest against the breastbone.

The fish is silvery in color. This specimen was a female and contained roe in mass which numbered an estimate 45,000 eggs. In the books there is a fish answering somewhat to the description of this stranger, having rows of spines and a sucking mouth, but its size is very much inferior in comparison. Many rare fishes have appeared from time to time in the collections of the Bishop Museum, caught in Hawaiian waters and bought of the fishermen. Dr. David Starr Jordan, on one of his visits to the institution, confessed that he had never identified so many new species as he found there. At that time the museum had 17 kinds modeled which had never before been scientifically classified.

Mr. Thompson has promptly moulded the new-found treasure for the public eye, while the specimen itself has been preserved in pickle.

### IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" ends indigestion, Gas, Dyspepsia and Stomach Nisery in five minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of distension, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent boxes of Pape's Diapepsin, then you will understand why dyspeptic trouble of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—advertisement.

The old August Dreier estate is to be broken up and partitioned among the heirs, following the attainment of his majority by Edward Dreier, and a sale of a quantity of the family furniture and furnishings probably will be held Saturday, December 20 by the James F. Morgan Company for the administrator. The estate is appraised at about \$700,000. In the approaching sale will be included old German China, sideboards and other furnishings specially imported from Europe by the late Mr. Dreier. The old homestead, Uluani, between Makiki and Punahou on Beretania avenue likely will be sold later.

You have a right to think a lot of things you have no right to say.

PARIS.—The new telephone tariff, announces the following reductions: Birmingham and Rouen will cost 2.5 in. instead of 2.12.50, and the rate between besides including the reduced rates Three minutes' conversation between instead of 2.10. The rate between Lyons, Bordeaux and London will be 2.10 in. which came into operation recently. Lille and London and between Bir- and London will amount to 2.7.50, in- stead of 2.12.50.

### A Word to Women On Health

Women are generally careful about the state of their health, and they are apt to make good use of remedies known as disease preventives. Germicide and antiseptics are included in this class, but the greatest care should be exercised in using any which contain poisons, unless prescribed by a physician.

By reason of its absolute safety and its beneficial results, physicians have strongly recommended Tyree's Anti-septic Powder. It is unequalled as a preventive of contagious disease, healing diseased tissues, ulcers and delicate membrane passages, and ideal as a douche. A 35-cent package makes two gallons standard solution. Sold by druggists everywhere. Send for booklet and free sample.

### BIJOU THEATER

There will be a gala time at the Bijou theater tonight when Monte Carter (Izzy) and his company will stage their farewell performance. Tonight will positively be the last appearance of this company in Honolulu as they make their departure on the Sierra tomorrow. This company is winding up an eleven weeks' season of good business.

"Izzy, the Baron," is the title of the farewell show and it was greeted with packed houses last night. The show is one laugh after another and it is a snappy musical comedy. The musical numbers are pleasing and are headed by a specialty song and dance by Monte Carter. The chorus girls' contest will be given in addition to the regular show tonight.

### CASTORIA

For Infants and Children.
